JOURNAL OF ADVANCEMENT IN MEDICINE

Volume 2, Numbers 1/2 *Spring/Summer 1989*

A TEXTBOOK ON EDTA CHELATION THERAPY

Edited by Elmer M. Cranton, MD

FOREWORD 7
Linus Pauling, PhD

INTRODUCTION 9
Elmer M. Cranton, MD

SECTION I: MECHANISMS OF ACTION

FREE RADICAL PATHOLOGY IN AGE-ASSOCIATED DISEASES: TREATMENT WITH EDTA CHELATION, NUTRITION, AND ANTIOXIDANTS 17
Elmer M. Cranton, MD and
James P. Frackelton, MD

IRON AND ISCHEMIC HEART DISEASE 55
Jerome L. Sullivan, MD, PhD

THE CROSSLINKAGE THEORY OF AGING AS A PREDICTIVE INDICATOR 59
Johan Bjorksten, PhD

POSSIBILITIES AND LIMITATIONS OF CHELATION AS A MEANS FOR LIFE EXTENSION 77
Johan Bjorksten, PhD

NUTRITIONAL FACTORS IN CARDIOVASCULAR DISEASE 89
Alan R. Gaby, MD

SECTION II: CLINICAL DATA

CURRENT STATUS OF EDTA CHELATION THERAPY IN OCCLUSIVE ARTERIAL DISEASE 107
Elmer M. Cranton, MD and
James P. Frackelton, MD

EDTA CHELATION THERAPY: EFFICACY IN ARTERIOSCLEROTIC HEART DISEASE 121
H. Richard Casdorph, MD, PhD

EDTA CHELATION THERAPY: EFFICACY IN BRAIN DISORDERS 131
H. Richard Casdorph, MD, PhD

AN OCULOCEREBROVASCULOMETRIC ANALYSIS OF THE IMPROVEMENT IN ARTERIAL STENOSIS FOLLOWING EDTA CHELATION THERAPY 155
E. W. McDonagh, DO,
C. J. Rudolph, DO, PhD, and
E. Cheraskin, MD, DMD

EFFECT OF EDTA CHELATION THERAPY PLUS MULTIVITAMIN TRACE MINERAL SUPPLEMENTATION UPON VASCULAR DYNAMICS: ANKLE/BRACHIAL DOPPLER SYSTOLIC BLOOD PRESSURE RATIO 159
E. W. McDonagh, DO,
C. J. Rudolph, DO, PhD, and
E. Cheraskin, MD, DMD

EDTA CHELATION THERAPY: TREATMENT OF PERIPHERAL ARTERIAL OCCLUSION, AN ALTERNATIVE TO AMPUTATION 167
H. Richard Casdorph, MD, PhD, and
Charles H. Farr, MD, PhD

NINETY PERCENT REDUCTION
IN CANCER MORTALITY AFTER
CHELATION THERAPY WITH EDTA 183
W. Blumer, MD and
Elmer M. Cranton, MD

THE "CLINICAL CHANGE" IN PATIENTS TREATED
WITH EDTA CHELATION PLUS MULTIVITAMIN/
TRACE MINERAL SUPPLEMENTION 189
E. W. McDonagh, DO,
C. J. Rudolph, DO, PhD, and
E. Cheraskin, MD, DMD

EDTA CHELATION THERAPY: A RETROSPECTIVE
STUDY OF 2,870 PATIENTS 197
Efrain Olszewer, MD
James P. Carter, MD, DrPH

IF EDTA CHELATION THERAPY IS SO GOOD,
WHY IS IT NOT MORE WIDELY ACCEPTED? 213
James P. Carter, MD, DrPH

SECTION III: SAFETY

KIDNEY EFFECTS OF ETHYLENE
DIAMINE TETRAACETIC ACID
(EDTA): A LITERATURE REVIEW 227
Elmer M. Cranton, MD

THE EFFECT OF EDTA CHELATION THERAPY PLUS
SUPPORTIVE MULTIVITAMIN-TRACE MINERAL
SUPPLEMENTATION UPON RENAL FUNCTION:
A STUDY IN SERUM CREATININE 235
E. W. McDonagh, DO,
C. J. Rudolph, DO, PhD, and
E. Cheraskin, MD, DMD

THE IMPROVEMENT IN RENAL FUNCTION FOLLOWING EDTA CHELATION AND MULTIVITAMIN-TRACE MINERAL THERAPY: A STUDY IN CREATININE CLEARANCE 245
Keith W. Sehnert, MD,
A. F. Clague, and
E. Cheraskin, MD, DMD

THE EFFECT OF EDTA CHELATION THERAPY PLUS SUPPORTIVE MULTIVITAMIN-TRACE MINERAL SUPPLEMENTATION UPON RENAL FUNCTION: A STUDY IN BLOOD UREA NITROGEN (BUN) 251
E. W. McDonagh, DO,
C. J. Rudolph, DO, PhD, and
E. Cheraskin, MD, DMD

ANOTHER LOOK AT RENAL FUNCTION AND THE EDTA CHELATION TREATMENT PROCESS 263
H. D. Riordan, MD,
E. Cheraskin, MD, DMD,
M. Dirks, BD, MA,
M. Schultz, ARNP, and
P. Brizendine, ARNP

SECTION IV: PROTOCOL FOR ADMINISTRATION

PROTOCOL OF THE AMERICAN COLLEGE OF ADVANCEMENT IN MEDICINE FOR THE SAFE AND EFFECTIVE ADMINISTRATION OF EDTA CHELATION THERAPY 269
Elmer M. Cranton, MD

THE CHELATION CARRIER SOLUTION: AN ANALYSIS OF OSMOLARITY AND SODIUM CONTENT 307
C. J. Rudolph, Jr, DO, PhD, and
E. W. McDonagh, DO

IRON AND COPPER SUPPLEMENTATION WITH EDTA CHELATION THERAPY 321
James P. Frackelton, MD and
Elmer M. Cranton, MD

SECTION V: LABORATORY EVALUTION

MONITORING RENAL FUNCTION DURING EDTA CHELATION THERAPY 327
James P. Frackelton, MD

URINARY TRACE AND TOXIC ELEMENTS AND MINERALS IN UNTIMED URINE SPECIMENS RELATIVE TO URINE CREATININE, PART I: CONCENTRATIONS OF ELEMENTS IN FASTING URINE 331
Elmer M. Cranton, MD
Zheng Xian Liu, MS, and
Ivy M. Smith, MT

URINARY TRACE AND TOXIC ELEMENTS AND MINERALS IN UNTIMED URINE SPECIMENS RELATIVE TO URINE CREATININE, PART II: PROVOKED INCREASE IN EXCRETION FOLLOWING INTRAVENOUS EDTA 351
Elmer M. Cranton, MD
Zheng Xian Liu, MS, and
Ivy M. Smith, MT

INTERPRETATION OF TRACE AND TOXIC ELEMENT LEVELS IN HUMAN HAIR 399
Elmer M. Cranton, MD
